REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The prior art of record fails to disclose the claimed wrapping machine including, regarding claims 7 and 16, the wheel comprises a drive belt pulley rotatably mounted on the lifting frame and rotatable by the lifting motor, and the elongate drive element comprises a belt having a first end secured to an upper end of one of the columns and a second end secured to the drive belt pulley. Regarding claim 26, the wrapping machine having a package configuration in which the upper column parts are detached from the respective lower column parts and the lifting frame rests on the supporting elements of the lower column parts so as to be completely located below exposed upper ends of the lower column parts. Regarding claim 27, each of the columns comprises a lower column part and upper column part detachably joined together, and only the lower column connected to each other by the cross members, whereas the upper column parts are not directly connected by any of the cross members. Regarding claim 28, the wrapping machine comprises splice joint elements for joining the respective lower and upper column parts together and an upper end of each of the lower column parts is hollow for receiving therein one of the splice joint elements with the upper end of the lower column part completely surrounds the splice joint element.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
